## TO CONSIDER PURCHASE WEST WARD SCHOOL

At the regular meeting of the Blairmore Board of School Trustees, held in the town office, last night, many matters of interest were discussed, including a proposition to purchase the west ward school property outright from the West Canadian Collieries. The school district entered into a lease of the property in 1921, and has since that time paid rent at the rate of around \$500 a year, a total of practically \$11,500 in the twelve years. A committee of the board, Messrs. Bissett and Oaks, recently interviewed the owners of the property, with a view to securing a revision of the lease or a proposal to purchase. They received a proposition, which was also submitted to the board in writing, to purchase the property today for a consideration of \$8800, payments, if necessary, to be spread over a short period of years, with interest payment of 6%. The board decided to go further into the matter, and in all likelihood the proposition will be submitted to a referendum of the ratepayers.

Answering the board's request for permission to erect a memorial fountain on the southwest corner of the central school grounds, J. T. Ross, deputy minister, stated that owing to the limited area of the school grounds—one block—permission could not be granted. It will be remembered that the idea of setting up a memorial fountain originated with the local L.O.D.E. and the Veterans.

Vice-Principal White addressed the board briefly on the question of professional lectures to the high school. The idea would be sponsored by the local Lodge of Elks, the purpose being to have lectures of half-hour duration delivered at the school once in two weeks by speakers representing various professions, doctors, lawyers, nurses, etc. The board considered the proposition most commendable.

A resolution was passed to accept from the Frank school desks to the value of \$90, to be applied on tuition account.

Accounts totalling \$2,097.96 were passed for payment, including \$1,992.25 fixed charges. The secretary notified the board that final bond payment, about \$1325, would be made December 13th, from which date the district would be absolutely free of debt.

Mayor Knight approached the board, asking co-operation in the matter of providing Christmas hampers for some forty families of unemployed. It was decided to ask the mayor to call a meeting, from which a general committee would be selected to handle the matter. The meeting of those interested will be held in the town hall on Friday night, December 1st, at 8 o'clock. The board would no doubt assist the funds.

## NEW SEASON'S PRODUCT AT COLE'S, BELLEVUE

In the buying of the new season's product, the management of Cole's theatres have carefully selected every picture to be presented in their houses, and are proud of their achievement. It is our intention to prepare a list which will be published shortly of the pictures already dated in for showing.

Car storage will be taken care of in the usual manner. It will be of interest to those who cannot enjoy a show owing to defective hearing, that new sets of phones are being installed, which may be had with your ticket. Plug in at the seats prepared for same.

If you care to have your name on our new mailing list please phone 189 or leave your address at the box office.

Here are a few of the pictures which will be presented at Cole's theatres: "Lady for a Day," "Man," "Castle," "Bittersweet," "Roman Scandals," "I'm No Angel," "Nana," "Alice in Wonderland," "Cradle Sing," "Sorrell and Son," "Dancing Lady," "Cat and the Fiddle." The choice of British productions will include: "Private Life of Henry VIII," "I Was a Spy," "Maidie," "King of the Ritz," "Ebbes-ian Girl," etc.

## PUBLIC WARNED TO BEWARE OF FAKE RADIO INSPECTORS

The following notice has been sent out to all postmasters by the Postal department which should prove of interest to the public:

It has been drawn to the attention of the Department that two men have been recently representing themselves as employees of the Radio Commission. The system practiced by these persons is to make a pretense at inspecting the radio, for which a charge of \$3.00 is demanded.

Attention is called to the fact that bona fide radio inspectors are required to carry identification cards signed by the Deputy Minister of the Department of Marine. Attached to the card is a photo of the inspector. Radio license vendors are also supplied with identification cards signed by the radio inspector of the district in which the vendor is located. Persons who cannot properly identify themselves are undoubtedly impostors and every effort should be made to establish their identity and report the matter immediately to the local police and to the district superintendent.

Where the persons concerned use a motor car, a note should be taken of the number of the license, which information should also be given to the police and district office.—Ex.

News was given out last week of the arrest by Corp. Casway and constables of the R.C.M.P., on Wednesday last, of Tony Bischery, of no fixed abode. Bischery was sentenced to serve thirty days at Lethbridge jail, found guilty of begging money, while having some of that stuff tucked away in his boots.

## PLACE EXCHANGE DUMPING DUTY ON IMPORTS

Ottawa, Ont.—Action to impose an exchange dumping duty on imports from the United States "of a class or kind made in Canada" was taken by the Dominion government.

The government declared the United States dollar to possess a value of 100 cents Canadian currency for duty purposes. The effect of this is that the difference between the current rate of exchange and par will be collectible as an exchange dumping duty on imports from the United States of all goods of a class or kind made in Canada.

Since the United States dollar began to depreciate in value, the government has been watching the situation closely. At the present time the United States dollar is at a discount of approximately 2 1/2 to 3 per cent. in terms of Canadian currency. This margin, which offsets the protection afforded to Canadian manufacturers by the tariff to the extent of the difference between the relative currencies, was evidently regarded by the government as sufficient to warrant action. An order-in-council fixing the value of the U.S. dollar for duty purposes was consequently passed through.

Indications are the government of the United Kingdom contemplates measures to meet the situation as it affects that country. At present there is a six per cent. discount as between the United States dollar and sterling.

## United Kingdom Sees

### Activity In Industry

#### Increase In Railway Traffic And Other Improvements Noted

London, Eng.—From several directions have come indications of the United Kingdom's steady advance in greater industrial activity.

All four of Britain's great railway groups issued traffic figures showing considerable gains over those for the corresponding week last year. A "buy British" train will start early in the new year on a tour covering the whole southern district and part of the northern district of England, calling at 60 important commercial centres.

Savings banks reported greater business and revenue from amusement taxes was said to have risen.

A great steel firm will begin immediately work to supply more than 30 miles of steel pipe for Jerusalem, which, from the days of King Herod, has depended for its water supply on wells and springs. Another firm has received a contract worth more than \$1,000,000 to equip telephone exchanges in Lithuania.

### Federal Aid

#### Financial Assistance For Saskatchewan Government Considered

Ottawa, Ont.—Financial assistance to the Saskatchewan government was considered by the Dominion cabinet and action taken, but no details could be secured. The prairie province will have as difficult a problem this winter as it faced last year, because of the drouth and grasshopper plague which caused an almost complete crop failure.

Representations were made to the Dominion Government some days ago seeking assistance along the same lines as last winter.

It is understood the government took action Thursday to advance a portion of the money the province will need to care for the farmers in the stricken areas, and that further relief will be granted from time to time.

Two officials of the government recently concluded a tour of Saskatchewan crop-failure areas and made a report which indicated that the relief costs in that province would be as heavy this winter as last.

## Western Provinces Benefit

### Saskatchewan, Alberta, And B.C. Share Manitoba Coal Contracts

Winnipeg, Man.—Coal mines in Saskatchewan, Alberta, and the Crow's Nest Pass section of British Columbia will benefit through the award of contracts by the Manitoba government for 16,000 tons of coal.

Eleven companies received a share of the contracts. The contracts stipulate the coal to be delivered, and the points include McGillivray Creek and Michel, in British Columbia; Bellevue, Alberta, coal and Chumey, Alberta, briquettes, and Saskatchewan Bulk stone coal.

## Grain Awards

### Westerners Annex Many Honors At Royal Winter Fair

Toronto, Ont.—H. G. Neufeld, Codette, Sask., had the best spring wheat in the registered or certified seed class at the Royal Winter Fair here. Second place in this class went to Wm. Whitehead, of Kelowna, Man., and third to R. H. Carter, Muscovy, Sask.

For reward wheat, Hamilton Bros., of Lethbridge, Alberta, had the finest exhibit, and Axel Berghqvist, of Sanford, Man., captured honors in the Minkum class.

Western Canada entrants topped all others in the white oats section of the seed grains in sacks at the Royal Winter Fair. H. H. Taylor, of Laaburn, Sask., led a list of 26, while second and third places fell to Lester Hall, Edmonton south, Alberta, and H. G. Neufeld, Codette, Sask., respectively.

In the barley, six-rowed sections, D. L. Scott, City View, Ont., was awarded honors over Nels Linden, of Wetaskiwin, Alberta.

A. Griffin, of Brooks, Alberta, annexed premier honors in the field beans (small white division).

Durum wheat, entered by John H. Teavis, Crystal City, Man., was considered the best sack of grain in its class at the fair.

In the spring wheat section, the Smith Farms, Limited, Lethbridge, Alberta, H. G. Neufeld, Codette, Sask., and Walter Margerson, Payson, Sask., were awarded first, second and third, respectively. Two other western Canada entrants, Wm. J. Rigby, Wembley, Alberta, and Stephen C. Harrington, Marwayne, Alberta, won fourth and fifth places.

## Germany Asks Return Of Saar Territory

### Greatest Obstacle To Accord With France Stands Here

Paris, France.—A government spokesman said that the French door is wide open to Chancellor Hitler of Germany, if he cares to proffer an answer.

This authoritative invitation was made as a comment on an interview with the German chief by Fernand De Brinon, a close friend of former Premier, Edouard Daladier, published in the newspaper, Le Matin.

The interview quoted Hitler as offering peace and security to France in return for equality for Germany. Le Matin said Hitler visualized the greatest obstacle to accord between France and Germany as the question of the Saar Territory, now held by France. The French government spokesman said, "The question is whether Chancellor Hitler will submit to the supervision of the armaments we know he is building."

"I am convinced," said Hitler, "that once the question of the Saar—which is German land—has been settled, there is nothing, absolutely nothing, which can oppose Germany to France."

Despite Germany's desire to avoid war, which the chancellor said "would settle nothing and only make worse the state of the world," Hitler reiterated his intention not to return to the League of Nations.

It has aggravated instead of clearing up the misunderstandings of the world," he said.

## Likely To Be Ignored

### No Comment Made On Outburst By British Labor Member

London, Eng.—Apparently nothing more will be heard of the occurrence in the House of Lords as parliament opened, when John McGovern, fiery Labor leftwinger, burst out in front of the King and Queen and the assembled nobility of England, at the conclusion of the speech from the throne, with a denunciation of the peers and peeresses as "parasites" living on the wealth created by the people "while the people starve."

The House of Commons adjourned debate on the address in reply to the speech from the throne without any reference to the incident being heard in the House.

## Fast Driving

### Motorists From Vancouver To East Claim They Beat Train

Barrie, Ont.—Driving day and night on their trip from Vancouver, two youthful Barrie motorists claim they made faster time than the fast transcontinental trains.

The youths, Vernon R. Taylor and Douglas Campbell, arrived here Tuesday night and said they covered the 3,397 miles in an elapsed time of 108 hours and 71 hours actual driving time. A letter they mailed in Vancouver had not been delivered in Barrie when they arrived.

## Dr. MacMurphy Retires

### Has Been Head Of Child Welfare For Last Thirteen Years

Ottawa, Ont.—A kindly and aggressive personality in child welfare work, Dr. Helen MacMurphy has been retired from the Department of Pensions and National Health. Since 1920 she has been chief of the division of child welfare in Ottawa. She is taking up her residence in Toronto.

Last summer Dr. MacMurphy made a notable speech in Winnipeg before the Federated Women's Institutes of Canada on "The Mother, the Children and the New World Order." It is a gripping address which was later circulated in printed form throughout the country.

Dr. MacMurphy has written some 25 books and pamphlets. She graduated from the University of Toronto in 1901 and did post graduate work in famous hospitals of the United States.

As head of the Child Welfare division here, she was energetic in the prevention of infantile paralysis.

## DISARMAMENT CONFERENCE TO TAKE RECESS

### Geneva, Switzerland—Formal work of the world disarmament conference was suspended until mid-January, by a vote of its steering committee, to permit diplomatic negotiations aimed at saving the parity and getting Germany back.

The committee accepted unanimously a statement by Arthur Henderson, British chairman of the conference, that there shall be "parallel and supplementary effort between the various states and the full use of diplomatic machinery conducted energetically to advance in every possible way the work of the conference."

It was learned that France particularly is inclined to draw a parallel between the political positions of Germany, which withdrew from the discussions last month, and Japan, and is convinced that disarmament efforts, to succeed, must be of universal scope. In this British delegates were said to concur.

The full negotiations, it was learned, will be directed toward rebuilding a Franco-British joint policy and then be extended to Italy and finally to Germany.

It was authoritatively stated that Great Britain and France, without agreeing on details, had already reached an understanding on their expected common policy based on a principle that they will not be influenced by any German "threat."

Premier Mussolini, of Italy, who is known to have suggested a four-power parity in Italy, was pointed to as a possible mediator between France and Britain on the one hand and Germany on the other.

### Favors Central Bank

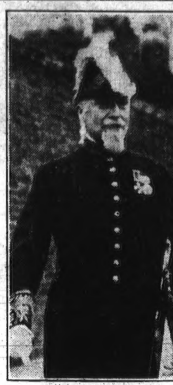

Montreal, Que.—The Canadian banking system is sound and little in need of organization, said Sir Maurice Bonham Carter, London financier, in an interview here, but establishment of a Canadian central bank would greatly aid "the uniform stabilization of finance throughout the British Empire."

## A PICTURESQUE SOCIETY WEDDING IN INDIA

One of the most picturesque weddings to take place in India was formulated at the Church of the Redemption, New Delhi, when Major Richard Travers Lawrence, M.C., married Miss Elizabeth Margaret Addison. The bridegroom, a former A.D.C. to the Viceroy of India, is the private secretary to His Excellency the Governor of the Punjab, while his bride is the daughter of Major-General G. H. Addison, C.B., C.M.G., D.S.O., and Mrs. Addison. Our picture shows the happy bride and groom leaving after the ceremony, which was attended by the Viceroy of India and the Countess of Willingdon.

## RE-ELECTED GOVERNOR

The re-election of Montagu Norman as head of the Bank of England has been recommended by the court of the bank. This means Mr. Norman will be re-elected automatically when his present term expires on March 14 next.

## Wheat Carryover

### Expect To Effect Reduction By End Of Crop Year

Ottawa, Ont.—Canada will probably be able to reduce its wheat carryover by the end of the present crop year, July 31 next. United States will doubtless be successful in materially reducing its wheat stores by that date. This was forecast by the Dominion Bureau of Statistics in a report issued recently.

Australia will have a crop this year of possibly 165,000,000 bushels. Last year it was 210,000,000. Argentina may raise 200,000,000 bushels. Add the production estimates of the four countries together and the total is considerably below a year ago.

On the other hand, Europe has grown more wheat. The latest estimate places the total European crop at 1,645,000,000 bushels this year. Last year it was 1,480,000,000. The heavy European crop is limiting exports to those countries.

## Makes Britain's Task Hard

### International Relations Affected By Exaggerated Reports States

#### Premier

London, Eng.—In the House of Commons, while making his speech when the House re-opened, Prime Minister MacDonald referred to what he described as a very unbalanced attack by the opposition against private armament firms in Britain, in which it had been charged Britain supplied one-third of the total export trade in armaments.

That was an exaggeration of the grossest character, said the Prime Minister, "which becomes almost fantastic."

"Exaggerated and disturbing statements of this kind," said the Prime Minister, "only make more difficult the task of this country in international relations."

## Russian Plane Wrecked

### Fourteen Including Chief Pilot And Mechanic Reported Killed

Moscow, Russia.—A despatch from Khar'kov said the newly-constructed aeroplane, No. 7, said to be the largest aeroplane for overland flying in the world, crashed there, killing 14 persons.

The dead were reported to include the chief pilot and mechanic and several Khar'kov aviation officials, but beyond these bare facts no details were given. The craft was a six-motored monoplane without the orthodox fuselage.

Instead, all accommodations for luggage and fuel space, as well as controls, were in the wings. Only a slight framework of steel composed the structure on which the rudder was anchored.

The great aeroplane's capacity was designed to carry 125 persons, including its crew. It was designed with sleeping accommodations for 64 persons. It was commissioned only last week.

## Will Visit Canada

### Lord Baden-Powell, Head Of Boy Scout Movement To Tour Dominion

Ottawa, Ont.—An announcement of a visit to Canada in September and October, 1934, by Lord Baden-Powell, world head of the Boy Scout Movement, was made by His Excellency the Earl of Bessborough, Chief Secretary of the Dominion, at the annual meeting of the executive committee of the Canadian General Council of the Boy Scouts Association. Lord Baden-Powell will be accompanied by Lady Baden-Powell, world chief Girl Guide. The two leaders will meet Scouters and Guides, and review Boy Scouts and Girl Guides at various points across the Dominion. At the conclusion of the tour they will sail from Vancouver for Australia.

## Will Visit Prisons

### Secretary Of Social Service Council To Investigate Conditions

Winnipeg, Man.—Armed with blank authority from the Dominion government to investigate conditions in Canadian penal institutions, Rev. J. Phillips Jones, Toronto, general secretary of the Social Service Council of Canada, was in Winnipeg recently. He will inspect Stony Mountain penitentiary in Manitoba and later will travel west to visit Prince Albert and New Westminster, B.C., penitentiaries.

Dr. Jones has already inspected Kingston, Ont., penitentiary. His credentials entitle him to question prisoners. He has held ministerial chairs at Winnipeg, Calgary and Lethbridge.

## ADVISER OF ROOSEVELT NOW IN OPPOSITION

Philadelphia.—James P. Warburg, who has been regarded as unofficial economic adviser to President Roosevelt, expressed his "reluctant" opposition to some of the methods of the president's monetary policies.

"What I reluctantly oppose," said the New York banker who was financial adviser to the American delegation to the world economic conference, "are some of the methods by which he seeks to attain his goal, some of the misconceptions that seem to becloud his purpose, and the disregard of the accumulated experience of centuries manifested by all too many of his advisers."

Warburg made a surprise address at the American Academy of Political Science in aligning himself with Dr. O. M. W. Sprague, recently resigned special adviser to the treasury, in seeking to arouse public opinion against the president's monetary policies.

At the same meeting Prof. Irving Fisher, of Yale University, said in an address the monetary policy of President Roosevelt "is substantially right."

Warburg expressed doubt "that as a practical matter there can be any such thing as a dollar of constant purchasing power," which President Roosevelt espoused in his message to the economic conference last July, and the banker revealed for the first time that he has resigned from the American delegation after the President's message had been received in London.

He said he did not let his resignation become known at that time because he was "still hopeful of being able to convince the president that it would be a mistake to continue his policy of monetary uncertainty and experimentation."

## CAMPAIGN FOR REFORM OF THE HOUSE OF LORDS

London, Eng.—Conservative backbenchers in the House of Commons fired the opening shot of what was seen as an intensive campaign for reform of the House of Lords. They launched their offensive during the debate on the reply to the speech from the throne.

It was evident reformers in both Houses would attempt to induce the government to tackle the question before the next general election, taking the view the make-up of the House of Lords is such as to throw the country's constitution out of balance and lay the House of Lords open to abolition in the event of a Socialist majority in the House of Commons. So far Conservative members of the House of Lords have been unable to agree among themselves on a measure of reform.

In reply to the urgings of the would-be reformers, Conservative Leader Stanley Baldwin delivered a 10-minute speech in which he said the government had not even considered the question and that he was convinced the House of Commons would never consent to granting the Lords powers which might put their House in a position of equality or superiority with the Commons.

## May Appoint Commission

### Clearing Up Of Natural Resources Question Decried

Ottawa, Ont.—The cabinet is considering the advisability of appointing one or two commissions to clear up the natural resources question between the Dominion and Saskatchewan and Alberta. It is learned that the advisability of dealing with this question was discussed at length and that the consensus of opinion among ministers was for early action.

One point to be decided is if a single commission could deal with the claims of both provinces or if separate commissions should be appointed. It is felt here that the work would be facilitated and danger of inter disputes minimized if one man acted as chairman in both inquiries. Moreover, it is altogether likely that the government will nominate the same commissioner and the same counsel to look after the Dominion's interests. Each province, however, would be entitled to separate representation.

## Stands Behind League

### Cannot Be Blamed For Present Bitterness: States Vatican Paper

Rome, Italy.—The Vatican newspaper Osservatore Romano printed a strong defence of the League of Nations from which Italy's imminent withdrawal has been hinted.

The Osservatore advised against attempts to reconstruct the league at present "when there are so many divisions among the peoples."

Reasons for the "present bitterness," it added, cannot entirely and in justice be attributed to the league.

The Osservatore Romano's attitude was in marked contrast to that of the Italian press which has bitterly criticized the league and has hinted broadly that Italy will abandon it.

## Charges Canada Delays Agreement With Russia

### British Labor Member Makes Statement In House Of Commons

London, Eng.—"It is atrocious that Canada should prevent Britain from entering into a new trade agreement with Russia," declared J. Batay, Labor member for Spennorth, during debate in the House of Commons on the address in reply to the speech from the throne.

Batay argued the long delay in concluding negotiations for a new pact with Russia was because of Canadian protests against the import of Russian timber to Britain, which Canada contended is against the spirit of the Ottawa trade agreement.

### Royal Scot Goes Home

Montreal, Que.—The world's famous train, the "Royal Scot," was loaded on board the freighter "Eveleigh" for return to England, which she left seven months ago. The train which toured Canada and the United States sailed November 24.

A mountain 21,000 feet high has been added to the impressive ranks of Tibetan peaks; by a recent discovery.

## THE NEWSPAPER

The following is part of an editorial written for the Calgary Herald anniversary edition by Harold C. King:

All honest men have a friend in the newspaper, and all rascals have an enemy there. It is the clearing house for daily happenings, and the circulatory system of public opinion. Before the days of newspapers, selfishly ambitious governors were able to tyrannize as they wished, since there was no organ of public opinion to curb them, while wise administrators had no effective means of enlisting the co-operation of the people.

When printing was invented and newspapers began, the dark ages ceased, and as long as the press is free they cannot come again.

Where free expression of opinion in the newspapers is muzzled and news is censored, any kind of evil may be carried on with comparative impunity. Few will know anything, about it, and those few will have no effective means of making known their opinion, or registering any protest.

The first act of any tyrant is to muzzle the newspapers. The first duty of every secretary in a politician's office is to scan the newspapers, and clip therefrom the slightest reference to the goings on of Mr. Politician, who carefully trims his political sails to suit the prevailing newspaper breeze.

The man, and still less the woman, has not been born who is impervious to what other people think of them. This is the think in the central armor of great and small, through which the arrows of public opinion enter. It is why every cult, creed, or party, either try to control a newspaper, or publish one for themselves.

When there was no newspaper freedom anywhere, the public consistently received a raw deal, and it was the public more than the press who found it desperately necessary to fight for the right of the newspaper to free expression of opinion.

Carlyle said: "The press is the fourth estate of the realm," and Napoleon Bonaparte said: "Four hostile newspapers are more to be feared than a thousand bayonets."

Democratic newspapers would be impossible; nobody would know enough of the trend of affairs to cast a sensible vote. The public still has votes in countries where dictatorship now prevails, but the vote is useless to them. The newspapers in such countries are muzzled, so that truth about affairs never reaches the voter. Therefore he can never possibly know what he is voting about. Where the press is censored, the

destiny of every man is in the hand of some dictator.

In times of rapid change like these free newspapers are indispensable. They provide for the free flow of thought, and a continuous current history for the ordinary man.

VETERAN'S ANGLE  
ON JUDGMENT

A great deal of criticism has been heard since the Powlett-University of Alberta trial, in which the former was granted some \$38,000 damages for alleged mistreatment at initiation ceremonies. A war veteran sees an angle not before brought to light, in an editorial in the "Clareholm Local Press":

"Most people feel that the trial revealed disgusting hoodlunism, but those who have gone through the university seem to think the court publicity put a gross interpretation upon what actually takes place, or that the court description lends to a mental magnification of the situation. But a returned man put a new angle into the comment. He says that the judgment is a sorry interpretation of human values, comparing the treatment many veterans are receiving from the Pension Board, with the damages allowed the plaintiff. He cannot see why civil life values should be so much higher than those placed upon men, who faced the horrors of war."

Cement street municipal elections will take place as usual on Christmas Eve at the home of Mayor Domin. Nominations may be handed in at any time previous.

High River is now out of the Foot-hills hockey league, and will not have an intermediate team in the field this season, but will concentrate their support on their junior team.

Enroute to Vancouver, Miss Amy R. Swinney, A.T.C.M., of Fishburn, stopped off to pay a few days' visit with relatives at Cowley, Blairmore and Hillcrest. Miss Swinney intends making her home at Vancouver.

James Fraser, who came west from Pictou county, Nova Scotia, twenty years ago, died at Coleman on Thursday last, aged fifty-eight. Miss Jessie Conn, of Lethbridge, is a niece. The remains were laid to rest in Coleman cemetery on Saturday afternoon, Rev. Roy Taylor officiating.

People who were wondering of late why the eyesight specialists are making such frequent visits to Blairmore. Well, the real reason is that most of the people here are so durned color-blind that they are unable to distinguish between the Whites and the Reds.

Hunting for black-tailed deer in British Columbia is said to be great sport. To the average hunter today, anything that has a black tail makes a good target and trophy. We have heard of greenhorn hunters going so far as to shoot at a fish or a domestic rabbit, and what puzzled them most was to know why the thing, only weighed from a half to six pounds, while they were given to understand that a deer stood four feet nine inches and weighed up to 230 pounds. The Reds and the Yellows held debate in Alberta a few days ago. The Yellows won, because the Red proved themselves to be more yellow than the Yellows themselves.

A decision of Magistrate Scott in Calgary states that truck drivers operating into the city from country points must have both provincial and city licenses. The case is being appealed to higher court.

Two men appeared before Magistrate Gresham on Tuesday, charged with creating a disturbance in a local cafe. They were found guilty and assessed fines of \$20 and costs each. One of the pair was step-brother to His Worship Mayor Knight.

New officers of the Alberta Association of municipal districts, chosen at the annual convention in Edmonton, are: H. W. Bright, Macleod; Paul L. Farnalls, Halkirk; E. Pinchbeck, Spruce Grove; P. G. Thompson, K.C. (solicitor); N. McClellan, Vermillion, and Donald Sinclair, Vulcan.

It's the way of nature, says the Toronto Star: "The fishworm subsists on infinitesimal units of life; the fish devours the fishworm and the angler hooks the fish, the fishery inspector arrests the angler, and a government executive fires the inspector. Then the government goes to the polls and is defeated." All that is born must die.

## THE GASOLINE INDICATOR

Significant is the fact that gasoline consumption in Canada is proceeding at an increasing rate. There is no single gasoline gauge to show consumption by motor vehicles, but a column of figures at Ottawa serves the purpose very well. Last year, Canada used 50 million gallons more gasoline than the previous year, although the total number of motor vehicle registrations decreased 7.2% and the new car registrations showed a drop of about 35%. This year, gasoline consumption is not only being maintained, but new car registrations show no such decrease as there was in 1932. These two factors taken together, indicate no likelihood of a decline in motor vehicle mileage. Mileage, particularly in the case of five and ten-year-old cars, means inevitable replacement. On the strength of gasoline figures alone, the sales potential for 1934 is encouraging.

Hubby (looking into the mirror): "Well, I suppose you're plenty angry because I came home drunk with this black eye last night?"

Wife: "You didn't have that black eye when you came home!"

### COWLEY HAPPENINGS

Mrs. I. Christie has returned from a few days visit to Calgary.

Rev. Mr. Jeffcott, of Pincher Creek, will conduct service in the Anglican church here on Sunday next, at 8 o'clock in the afternoon.

A dance in aid of the Tennyson school Christmas tree fund was held there on Friday night last, a good sized crowd being in attendance. After expenses had been met, the sum of \$5.50 was realized.

Mrs. Wilfred Fortier entertained the Cowley ladies at bridge at her home on Monday evening, when prizes were won by Mrs. M. A. Murphy and Miss Doris Musgrave, respectively.

Mrs. Archie Swart entertained the young people at a dinner-party on Saturday evening at her home, when the chief amusements took the form of cards and dancing. Among those present were: Miss Netta and Master Gordon Swart, Miss Marion and Master Lloyd Morrison, Misses Edith and Sylvia Murphy, Misses Barbara and Clare Bundy, Misses Josephine, Lillian and Isabel Porter, and Master Jack Bundy. The two prizes at cards were won by Lillian Porter and Jack Bundy, while the consolations were awarded to Isabel Porter and Clare Bundy.

On Wednesday evening, Mr. and Mrs. J. D. Bickell entertained their friends at a card party and dance at their home at Glen ranch. Prizes at cards were won by Mrs. Jimmie Bickell, ladies' first; Miss Bolton, consolation; Dick Alexander, gent's first; Billy Ritson, consolation. Among those present were: Mr. and Mrs. Nelson Askew, Mr. and Mrs. James Bickell, Mr. Hoesney, Mr. and Mrs. Wells, Miss Schmidt, Mr. Miller, Mr. and Mrs. M. A. Murphy, Mr. Alvin Murphy, Mr. and Mrs. Billie Ritson, Mr. Tench, Misses Vera and Ruth Tench, Mrs. I. Christie, Dick Alexander, Miss Daisy Burles, James Burles, Louis Burles, George Burles, Phillip Burles, Miss Bolton and others. At midnight, a halt was called in the merrymaking, when a dainty and appetizing luncheon was served by the hostess.

### BELLEVEUE HAPPENINGS

James Fisher, who has been in poor health for some time, left recently for Victoria, where he hopes to regain his health.

Messrs. J. Shevels, C. Emmerson and F. Padgett were Calgary visitors last week, attending the funeral of the late Frank J. Smith.

The bridge drive, sponsored by the local branch of the C.W.L. on Tuesday evening, was well attended. Prize winners were: Mrs. B. Blake, ladies' first; Mrs. W. McDonald, second; B. Blake, gent's first; W. Koentges, second. After cards, a dainty luncheon was served, after which dancing was enjoyed.

The Bellevue basketball team suffered two losses last week, losing to Pincher Creek teams. The senior boys were defeated to the tune of 61 to 2, and the girls were a little luckier, losing to Pincher girls 31 to 16. The Bellevue teams have not had the chance to practice, owing to repair work going on at the gym; but after a few weeks of practice they expect to come up to standard.

Mrs. G. W. Goodwin left on Sunday afternoon's train for England, where she expects to spend some time. An unusually large number of friends were at the station to wish Mrs. Goodwin bon voyage, which signified the esteem in which she is held.

James Tait spent the week end at Macleod, visiting Mr. and Mrs. Mike Murphy.

The local Caledonian Society attended church service on Sunday last, in commemoration of their patron saint, Andrew. A special anthem was sung by the Caledonian choir, and an excellent and appropriate address was delivered by Rev. J. Wood. The church was packed to standing room.

J. McDonald, of San Jose, California, who had been visiting his mother and sisters, returned to his home this week.

Nowadays they make medicine ads so attractive that a fellow in good health feels he's missing something.

The possibility of establishing pleasure grounds and parks in those rural municipal districts which are fortunate enough to have lakes or rivers within their boundaries, became a live topic at the convention of rural municipal districts, when Hon. R. G. Reid, minister of lands and mines, called the attention of the rural councillors to the offer made by the provincial lands department to reserve land for this purpose along lake or river fronts, where such land happens to be owned at present by the government. Several such reservations have already been made by a number of rural councils. The land is granted on a long lease at a nominal fee.

The Kimberley Hockey Club has been re-organized for the 1933-34 season, with Lloyd Crowe, president; Joe Rochon, vice-president, and Art Southwell, secretary-treasurer. Splendid coaching material is reported available for senior, intermediate and juvenile teams, in the persons of Jack Pratt, Clarence Reddick, Joe Rochon and Eric McKinnon. The Dynamiters and Intermediates will be picked from the following: goal, Jack Hutton, Bill Douglas; defence, Paul Kosak, Clarence Reddick (Trail); Max Bell, McGillivray (McGill University); and Brander; forwards, Harry Brown (Edmonton Superiors), Ralph Redding and Ken Moore (Regina); "Puffy" Kemp (Blairmore); Doug Keiver, Art Mackie, Dub Mackie, Hugo Mackie, Fred Botterill, Johnny Dicken, Jim Livingstone, Murray McKenzie, Bob Affleck, Bert Fisher, Carl Cavanagh and "Tic" Hall. The club will hold a booster season on December the 12th. Last season closed with a deficit of \$100, which has been entirely cleared off since.

## Printed Where You Used To Live

Isn't filled with cuts and pictures, nor the latest news dispatches; And the paper's often dampened, and the print is sometimes blurred. There is only one edition, and the eye gets often catches Traces of a missing letter and at times a mis-spelled word.

No cablegrams nor "specials" anywhere the eye engages.

The make-up is maybe a trifle crude and primitive;

But an atmosphere of home life fills and permeates the pages

Of the little country paper printed where you used to live.

How the heart grows soft and tender while its columns you're perusing—

Every item is familiar, every name you know full well;

And a flood of recollections passes o'er you as you're musing

On the past, and weaves about you an imaginative spell.

You can see the old home village, once again in fancy, seeming

To be clapping hand of neighbor, or a friend or relative;

And their faces rise before you as you're idly, fondly dreaming

O'er the little country paper printed where you used to live.

And you note a vine-clad cottage, with the roses nestling round it—

Hear the voice of mother calling for the long-gone fugitive.

Like the echo of her pleading, memories repeat and sound it

Through the little country paper printed where you used to live.

Every printed line reminds you of the days long since departed—

Here a childhood's chum is mentioned, there a schoolmate's name appears;

And the eye grows moist in reading, while the soul grows heavy hearted

O'er the changes time has wrought throughout the swiftly passing years.

Memory's scroll has deep impressions stamped upon its face forever,

Of sweet pleasures which the busy city life can never give;

And in fancy you are roaming through the quiet town wherever

You peruse the country paper printed where you used to live.

## Canadian Beef Preferred

Store Cattle Bring Good Prices on Scottish Markets  
Canadian store cattle occupy a favorable spot in Scottish markets and invariably sell at a slight premium over Irish cattle. A. J. Thingle, assistant trade commissioner in Scotland, writes in an article for the Commercial Journal.

It is realized, however, Mr. Thingle says, the Canadian market, like the market in Scotland, prefers young, well-bred cattle and, unfortunately, the surplus of these for export does not provide a sufficient number to ship only this class.

Until Canadian breeding generally is on a higher level, some of the rougher class will find a way to the British markets. Too much stress, however, cannot be placed upon the necessity for Canadian farmers to continue to improve their breeding herds, the commissioner writes, and for shippers to send over only young bullocks of good class and quality.

The type of animal in demand is a young bullock approaching two years of age, from eight to nine cwt. in weight and of good class and breeding, the writer says. Aberdeen-Angus or Shorthorn crosses are preferred, he writes.

**Winnipeg Newspaper Union**  
The outstanding characteristic of the British leather and leather goods industry today is its amazing diversity. Nowhere is this more evident than in the growth in size and scope of the leather and leather goods section of the British Industries Fair. Every type and kind of leather and leather goods may be seen—from boot and shoe leathers, book-binding and leather leathers, upholstery leathers, leather cloths and so on to advertising novelties, handbags, belts, dog equipment, dressmaking leathers, leather goods, imitation leather goods, solid leather goods, picnic cases, purses, razor straps, saddlery leathers, leather coats and traveling requisites. Indeed, the trade buyer need go no further than the 1934 Fair to find kind and in a variety of designs unsurpassed anywhere. To this may be added the important consideration that, because production methods have been overhauled and costs have been drastically cut, British prices today are astonishingly low. Every known kind of leather is used in one or other of the British manufactures today—from waterproof sole leather, having the unique qualities given by tanning with the bark of the African python and other reptile-skin leathers, patent leathers and, of course, Morocco leather. Produced largely from the British East Indies. Sixty per cent. of the leather used in Great Britain is produced within the British Empire, a large proportion of it coming from Canada. In becoming a predominant center of many varied leather goods manufacture, and especially in developing its range of travel and fancy leather goods, Great Britain has attracted designers and style experts from all the leading continental countries. Not only so, but, within the last few years increasing numbers of Continental manufacturers have opened leather goods factories in Great Britain for the production, there, of their own distinctive goods. In this way a cosmopolitan wealth of style, design and ingenuity have been combined with the traditional high quality of British craftsmanship and materials. As a result, the entire British leather industry has been revitalized. The scope of its resources is now unequalled anywhere. Canadian buyers of leather goods of all kinds who wish to buy to the best advantage and keep abreast of the latest developments in design and production cannot afford to miss the 1934 British Industries Fair which opens in London on the 10th of February.

## LOVELY NEW NEGLIGEE THAT WRAPS THE FIGURE IN SLEEK SLENDERNESS

The original in bright green crepe silk was decidedly young and smart. The trim was in deep green shade matched by decorative bow buttons. The fitted hipline gives emphasis to the light beige effect of the bodice. The sleeves have a nice fullness. It is altogether charming and so simple to fashion it.

Style No. 544 is designed in sizes 12, 14, 16, 18, 20 years, 36 and 38 inches bust.

Other fascinating schemes are bright red crepe silk plaided silk, royal blue crepe satin and black crepe satin.

Size 16 requires 4 1/2 yards 39-inch material. Price of pattern 20 cents in stamps or coin (coln is preferred). Wrap cloth carefully.

**Local and General Items**

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Phone items in to 11 or hand them in at The Enterprise office no later than Wednesday evenings.

Roy Buchanan, of Pincher Creek, is a patient in Galt hospital at Lethbridge.

Mr. J. E. Gillis has been confined to his home through illness for several days.

Charles Cartwright, working at the local mine, sustained a fractured leg on Tuesday.

The Wednesday half holiday will become effective at Drumheller on December the 15th.

Dr. A. H. Baker, of the Keith Sanatorium, Calgary, was a visitor to Lethbridge this week.

Born to Mr. and Mrs. R. Davis (nee Jean Archer), of Nelson, B.C., on Tuesday, November 28th, a son.

Mrs. George Bailey was awarded \$2500 in her suit against the Galt hospital, Lethbridge, for \$25,000.

The remains of Mrs. Ida Apponen, who died at Lethbridge on Sunday last, were laid to rest at Coleman this afternoon.

A whist drive will be held in the Lodge Hall on Wednesday night next, under auspices of the Women of The Moose.

Frederick Blakeman, of Nelson, B.C., has been appointed first aid instructor for the Canadian Pacific Railway, western lines.

The annual meeting of the shareholders of the Inland Petroleum, Ltd., will be held at Coleman on Wednesday next, December the 6th.

We suggest a year's subscription to The Blaimore Enterprise and the Pictorial Review—both for \$2.00—as a most suitable Christmas Gift. Let's have your order now. [B30-414.

GREENHILL TEMPLE No. 10 Pythian Sisters, will hold their annual Sale and Afternoon Tea in the Lodge hall on Saturday, December the 2nd. [2L.

The Calgary Herald's jubilee edition, November the 18th, was indeed an interesting number and a fine piece of work. Copies of this issue should be preserved by people of this province.

Blaimore First Aid Class will hold a meeting on Sunday morning, December 3rd, at 11 o'clock, in the West Canadian Collieries' general offices. All those interested in this work are requested to attend.

At the regular meeting and practice of the Blaimore male voice choir on Friday night, it was decided to henceforth meet twice a week at the Beatrice Apartments, west Blaimore, Thursdays at 7.30 p.m., and Sundays at 3 p.m. The party now has upwards of twenty-five voices.

Successful Cranbrook and Kimberley musicians at the recent Crows' Nest Pass festival, are staging a series of concerts at both Kimberley and Cranbrook, thereby helping to keep interest in music alive. They are now looking forward to a special train for the festival at Nelson May 10 to 12 inclusive. The special train to Blaimore proved a real success, and it is hoped that this special will be run from Blaimore west.

Ratepayers of the Town of Blaimore have been debarred for several months from attending council meetings through the main entrance to the council chamber being locked against them; and, in addition, the limited space therein being occupied by non-ratepayers, or others who have had little or no interest there. No ratepayer should be required to seek entrance through the firehall, unless such is advertised by the council as the main entrance. We as a ratepayer, refuse to be admitted through anything but the proper entrance.

**NOTICE****TO LIGHT AND WATER USERS**

All monies for light and water in future are to be paid at the Town Office; and all accounts for current light and water, to be paid by the 15th of the month.  
After twenty-four hours' notice, services will be cut off, if accounts are not paid. Once service has been disconnected, all arrears must be paid, plus a fee of \$1.00, before service will be reinstated.

**TOWN OF BLAIRMORE.**

R. Letcher was operated upon for appendicitis at the Nordegg hospital last week.

Alberta's Rhodes scholar for 1933 is R. L. D. Fenerty, son of a prominent barrister of Calgary.

C. F. Carswell has been elected president of the Pincher Creek post of the Canadian Legion, B.E.S.L.

The weather man has been dealing favorably with Jim Ringland at the arena. He hopes to entertain skaters shortly.

The annual meeting of the general committee of the Crows' Nest Pass Musical Festival was held at the Greenhill hotel last night.

A general meeting of the Blaimore Business and Professional Men's Association was held Wednesday afternoon, and was largely attended.

At Blaimore on November the 24th, 1903, the thermometer registered 24 degrees below zero. Friday last, the 24th, was 36 above freezing.

A good weekly paper, with a substantial circulation, is worth more, dollar for dollar, as an advertising medium, in rural communities, than any other method known.

Newspaper advertising will have the effect of reducing any overstock of goods a merchant may have, but it takes continuous advertising to have any lasting effect.

Don't miss the Sale of Home Cooking, etc., and Tea, to be held in the Lodge Hall by the members of Greenhill Temple Pythian Sisters on Saturday, afternoon next from 3 to 6 p.m.

Most of the towns in Alberta have to administer necessary relief. Blaimore is the only town in the province that is saddled with unnecessary relief, and the authorities at Edmonton and Ottawa are becoming aware of the fact at a slightly late date.

Harry Lyons, former mayor of Blaimore, was granted 294 in the deferred provincial elections at Vancouver as an independent C.C.F. Here's a glorious opportunity for some of his successors in the big municipal government of Blaimore to prove what they are considered worth by outsiders. Of course, Blaimore has had mayors who made excellent records, including Mr. Farmer, who served Blaimore for a number of years in mayoral capacity.

Following is standing of Grade VIII pupils for the month of November, arranged in order of merit: Greta Cawsey, Rose Oliver, Lorna Hales, Frank Fleming, Ada Vendas, George Uthrin, Mary Nicfor and Helen Huchala, Lenard Peters, Paul Zimka, Robert Oakes and Charles Cartwright, Mike Yakabiec, Louisa Houza, Charlie Piffold, Mary Bombardier, Josephine Kuble, Court Neville, Hector Rae, Jean McDonald and Billy Stewart, Gordon Maddison, Harold Morency, Tommy Neville, Douglas Wilson, Bernard Yakabiec, Pat Shannon.
